Salua, India

Higher Secondary

2021

Salua Academy (H. S.

Salua, India

10th

2019

Projects

Real Time Currency Converter

- Developed an api integrated real-time currency converter web application using HTML, CSS, and JavaScript.
- The primary purpose of this project is to provide users with a convenient tool to perform currency conversions accurately and efficiently.
- Technical Skills:** HTML, CSS, JavaScript with Fetch API.

QR Code Generator

- Developed a QR code generator project using HTML, CSS, and JavaScript for user interaction and Node.js and Express.js for backend functionality.
- A QR code generator simplifies information sharing by allowing users to scan codes instead of manually inputting long URLs or contact details.
- Technical Skills:** Node.js, Express.js.

Chatbot (currently working)

- Created a user-friendly chatbot interface. Integrated APIs to enhance functionality and provide real-time responses.
- The aim of the chatbot is to offer instant personalized support, reducing human agent burden, and enabling analytics-driven enhancements for enhanced customer satisfaction.
- Technical Skills:** HTML, CSS, JavaScript, API Handling.

Certificates

Aug, 2019 **IT Smart Certificate**, APLL

Mar, 2023 **Certificate of Merit in IOT**, EDIFY Institute
